Hoist and Sling Compatibility Statement

In line with our policy of continuous improvement, this document replaces any and all previous statements related to the compatibility of hoist and sling combinations issued by Liko UK Ltd and Hill-Rom Ltd.

All recommended combinations of sling bars and slings are described in the Slings Instruction Guide. No other combinations, i.e. combinations with other manufacturer's hoists and slings, are approved by Liko AB as the manufacturer.

Professionals who chose to make their own risk assessment on hoist and sling compatibility do so at their own professional discretion.

Should you have any queries regarding this statement Please contact the Country Product Manager,

Miss Ruth Wozencroft: ruth.wozencroft@hill-rom.com .
